Memorandum:-

Mr. H. C. Taylor, Barrister, of Edmonton, forwarded here an assignment from Josias Alexander Carson to the Methodist Church of half an acre in the South East quarter of Section 3, Township 55, Range 24 West of the 4th Meridian. Mr. Taylor was informed that this land was a portion of a time sale and was not fully paid up. He was requested to pay the sum of thirty-three cents (33¢), being the amount of principal and interest due upon the half acre, and on receipt of this amount we told him that patent could then issue to the Methodist Church. Mr. Taylor has remitted this money, but it is now found that an error has been made in asking for it, as the South East quarter of section 3 is Mr. Carson's homestead, and not part of a time sale. Consequently this thirty-three cents will have to be refunded, and I beg to ask you to authorize such refund.

Sir,

I am directed to acknowledge the receipt of your letter of the 1st instant, and to inform you that it was stated in error in my letter to you of the 21st Septemberlast that the sum of thirty-three cents was required in connection with the half acre out of the S.E.¼ of Section 3, Township 55, Range 24, West of the 4th Meridian, for which a patent is now in course of preparation in the name of the Methodist Church, as the fact was overlooked at the time that the said S.E.¼ of Section 3 was Mr. J. A. Carson's homestead, and not part of a time-sale as it was then supposed to be. The post office order ~~xxxxh~~ for thirty-three cents which accompanied your letter now under reply is, therefore, returned to you herewith.

Sir;

Re N. W. ¼ of sec 21 - 21 - 5, west 4th.

About a year ago I applied for the cancellation of my entry on the above lot and my request was granted on July 26th July 1897. My reason for asking for ~~xxjx~~ cancellation was that the lot was covered with the weed which was supposed to be poisoning the cattle and had caused a great loss to myself and others. I therefore did not wish to have anything to do with such a piece of land. Subsequently however, Prof/ Macoun of Ottawa came up and investigated the question of the poisoning and informed the ranchers in the district that the weed was not really so fatal as we had supposed and that although the losses were certainly due to the weed growing on this lot, they could easily be avoided if proper care was taken at a particular period in the growth of the weed. For this reason I now regret having my entry cancelled and would like very much if I could be re-instated and placed in the same position as I was before the cancellation. Would you kindly let me know if it would be possible to have this donewithout paying the entry fees a second time.

Yours Truly,

" John Stuart "

Sir,

With reference to your two letters, dated respectively the 27th and 29th July last, neither of which is signed, in the matter of the purchase made by the late Nelson Standish of the South West Quarter of Section 32, Township 39, Range 26 West of the 4th Meridian; I beg to say that the terms of the Deputy Minister's letter of the 26th May last to Mr. Frank Oliver, M.P., can be carried out, and Mrs. Standish will have patented to her ~~sufficient~~ of this quarter section as will compensate her for the money paid thereon, namely, $168.00, which will cover the payment on 56 acres at the rate of $3 per acre. This quarter section, however, is one broken by a lake, which makes it very awkward to obtain a good description of the land that will be selected. The Department would suppest, therefore, that Legal Subdivision 6, and the North half of Legal Subdivision 3, be selected, which will about compensate for the money paid. The Letters of Administration which you forwarded here will not suffice, as it is the rule of the Department that such

OFFICE OF THE COMMISSIONER OF DOMINION LANDS,

Winnipeg, Man., 23rd February, 1897.

Madam,

I am directed to acknowledge the receipt of your letter of the 16th instant, and in reply to say that whilst the Commissioner is desirous of shewing you every possible consideration, nevertheless, he is unable to relieve you from the obligations imposed by the homestead conditions of the Dominion Lands Act in respect of the S.W.¼ of Section 14, Township 5, Range 26, W.4th. I may explain to you that in order to obtain patent a settler is required to reside upon and cultivate his land for six months in each of three years, and his application for patent may not be approved by the Commissioner until the expiration of this period.

In the statement signed by yourself on the 16th of January last, you set forth the fact that your residence was commenced in September, 1894, consequently your application for patent could not be approved until September, 1897. As, however, you have been in residence since September, 1894, it would seem that you not only have your duties been completed for the first three years, but that if you continue to live upon the land until the end of March, there will be no further necessity for your remaining there, and you will be at liberty to leave, provided you undertake to have the land cultivated during the coming season. You may then at the proper time apply for patent before a Homestead Inspector or Agent of Dominion Lands. Should you, however, be then residing out of reach of one of these officers, you may apply

to

Mrs. Jane Upton,

Red Deer, Alta.

to the Commissioner to obtain the Minister's authority to enable you to submit evidence before a County Court Judge, Notary public or Justice of the Peace.

I trust that this arrangement may be satisfactory to you.

Madam,

In reply to your letter of the 24th ultimo, protesting against the patent for the N. W. ¼ of Section 14, Township 38, Range 26, West of the 4th Meridian, which was held in his life time by your late husband, James Upton, who died on the 23rd September, 1896, being issued in the name of Mr. George Wellington Greene, to whom, you state, you paid the sum of $20 to discharge the seed grain indebtedness against the land, I am directed to say that, as Mr. Upton's death took place subsequent to the coming into force of The Territories Real Property Act, the patent must be issued, under the provisions of this Act, the deceased having left no Will, to his personal representative appointed by the Supreme Court of the North-West Territories; and your solicitor, the said George Wellington Greene, having obtained letters of administration of the deceased's estate, the patent must be issued in his name in his capacity as personal representative of the deceased; and, in such capacity, he is bound to administer the estate by paying the deceased's debts and distributing the residue, if any, of his real and personal estate and effects according to law.

A copy of the letters of administration which have been granted Mr. Greene is enclosed herewith, for your perusal.

Pending the receipt of a reply to this communication, a copy of which is being sent to Mr. Greene for his information, the preparation of the patent for the land in question, which will be subject to the seed grain indebtedness, will be stayed.

Dear sir,

re Upton N. W 14- 38-26 W 4.

I have your favor herein of recent date with copy of letter to Mrs Upton.

This matter is in a ... following shape:
When Mr Upton died Mrs Upton did not have the money to take out letters of administration and as a consequence the matter ran along along until her departure from here. Before going however she consulted me about taking out letters when she went to the States and in the event of her securing a sale for the land. I pointed out to her that she could not [illegible] do this very well as she would have to give bonds with sureties and that our Courts would not take sureties outside the Territories. She then asked me to act which I consented to do in the event of a sale being secured for the above place. She then petitioned the Court here to have ... appointed and the petition was signed by her son as well who was living here at the time.

I secured an offer for the place and wrote and told Mrs Upton of the same and received back her reply to sell the place at that figure and to take out letters of administration so as to give a title.

I then went ahead with the application for letters of administration and secured an offer for the place for more than the amount which she authorized me to take for it. I secured the letters of administration for the estate and your recommend for patent and then contracted for the sale of the place.

You will readily see that having secured the letters of administration, the recommend for patent, I had authority to enter into the contract to sell and in addition thereto, without having any obligation to do so secured the approval of Mrs Upton to the sale, so that she has not the slightest cause of complaint and that your action in delaying the issue of patent is only complicating matters for according to the agreement and the laws of the Territories I will have to carry out the contract for sale, and render an account of my administratorship within the year and as that time is rapidly drawing near I wish to urge upon you the necessity of issuing the patent. at once.

I think it will be only right for you to step in and answer for any damages which I may be put to owing to the nonissue of patent should any trouble arise.

Had I not been requested by Mrs Upton to sell the place and at still in my power to do so would have been pleased to transfer to her.

Yours truly,

Geo. W. Greene

Should like to explain that in the year 1896 we were visited with frost and consequently I was unable to get the breaking done as soon as it should have been - and so delayed the rest of the improvements until I should have it all right. We were all obliged to get seedgrain from the Govt.

Through some mistake on the part of the Land Agent at Red Deer where entry was made, my duplicate calls for the 5 yr. plan. I did not know this until Mr. Coleman told me. If you remember I then wrote and got a reply from you stating that as what was the case. It would be satisfactory for me to perform the duties as laid down under the 2 yr. Reg. Course. This was what I thought my paper called for - What I intended when I had entry made.

Under the circumstances, however, a copy of this letter is being sent to the local Agent who will instruct the Inspector to visit Mr. Ramsey and take from him an application for patent, which will have consideration when it comes to hand.

Sir,

I am directed by the Commissioner of Dominion Lands to acknowledge the receipt of your statement, dated the 9th ultimo, and to say that as it would appear therefrom that your entry for the South West Quarter of Section 35, Township 52, Range XX, West of the 4th Meridian, was not perfected by the commencement of actual residence until December, 1894, you will not be entitled to apply for patent until three years from that date.

A copy of this letter is being forwarded to the Homestead Inspector in order that he may visit and report upon your land in December next. You may then, if you so desire, make application for patent before him, though in such event you will require to pay a fee of $5 for his services, which would not be necessary if you were to make application before the Local Agent.

I am also to point out that before your application for patent can be approved it will be necessary for you to file here a certificate of your naturalization as a British subject.

To the Commissioners
Dominion Lands,

OTTAWA, Canada.

Dear Sir:

The above mentioned party is an applicant for Old Age Pension, and is having difficulty in establishing proof of age and nationality.

She states that her late husband (Ferdinand Brissard) homesteaded on the NW ¼ 6-30-24- W/4th in either 1893 Or 1894.

We would ask you to be good enough to look up your records in this connection and let us know if this man did take up a homestead at the time he made application, and if so what nationality is shown on same.

Your early attention and kind co-operation will be very much appreciated.

Yours truly,

A Blackie

On communicating this decision to him he represented to me that there must be some inadvertent mistake somewhere as he has resided upon, and otherwise performed homestead duties upon his first homestead since 1879 or 1880. He therefore asks to be informed of the grounds on which he is refused the privilege of obtaining a second homestead entry, with a view to correcting any mistake, by a supplementary declaration in due form, which may have been made in his application for his patent for his first homestead.

OTTAWA, Aug 16. 1928.

Sir,-

NE ¼ Sec. 28 Tp. 46 Rge. 22 West 4th Mer.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that during the recent session of Parliament an amendment to the Dominion Lands Act was passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

I may further inform you that the holder of an unpatented pre-emption or purchased homestead entry will not be permitted to abandon the same in his own favour or in favour of a relative for the purpose of making entry for the land as a second homestead.

If you are indebted to this Department for seed grain or relief, the land taken under the authority of this letter will be subject to such indebtedness.

Your obedient servant,

Acting Commissioner of Dominion Lands.

Sir,

You have been recommended for patent for the North East quarter of Section Twelve of Tp. 36 - Rge 26 W 4th Mer. which, according to the official plan of survey contains an area of 148 acres, the remainder of it being covered by the waters of a certain lake. As the waters of this lake may have somewhat receded, making the land which was then covered by water more or less fit for cultivation, it is possible that you may wish to have the patent for your homestead issued to cover the full theoretical area of 160 acres, including the land and the land covered by water. If you wish the patent issued in this way please advise the Department at your earliest convenience so that there may be no unnecessary delay in its issue.

Sir,

I beg to acknowledge the receipt of your letter of the 15th instant, and in reply am to say that the privilege of a second homestead entry, is confined to those settlers who became entitled to patent for their first homestead, on or before the 2nd of June, 1889. As you only entered for the N.E.¼ of 12, 36, 26, West 4th M., in November, 1892, begining residence thereon in the same month, it is obvious that this privilege cannot be extended to you.

Sir,

In reply to your letter of the 24th instant, I am to inform you that it is not the practice of the Department to hold lands for minors unless they are at least 17 years of age, it being considered very undesirable in the interest of settlement to hold lands under such circumstances for a considerable length of time. The request which you make on behalf of your son, C. F. This was the Lienee's purchased homestead, entry to which was cancelled on the 9th December, 1926. Under date of the 8th October last Solomon W. Covey of Cunfermline, Sask., obtained entry for this land as a homestead, and agreed to make payment of the seed grain liability after adjustment by the Seed Grain Adjustment Board. Under date of the 7th ultimo he made payment of $20.00 to the credit of the indebtedness, which amount is held in Suspense Account.

A Homestead Inspector's report in connection with this quarter obtained in August last describes the soil as sandy loam with sand and clay subsoil, 60 acres fit for cultivation, 60 acres sand and pasture, 20 acres hay land; improvements consist of: house - $75.00, stable - $10.00, granary - $3.00, fencing - $20.00, 35 acres under crop in 1928 - $175.00.

N.W.12-36-26-W.4th.

This is the Lienee's homestead, patent to which was issued in his name on the 31st July, 1897. There is no evidence on file to show that the Lien was ever registered.

The above man is an applicant for Old Age Pension in this province.

In his application he tells us that he took up a homestead sometime in 1881 or 1882. As he is unable to prove his age, would you be good enough to write us in regard to this matter stating the date when such homestead was taken up and the age of the applicant at that time. Dear Sir:

In reply to your enquiry of the 20th of January, regarding Charles Edward Peters, your file number 3007/4912, I may say that the only man of this name who obtained patent previous to 1930, entered for land in the Province of Alberta. He stated that he came from "Dakota, U.S.A." His age, when applying for patent in 1897, was given as 32 years and he declared in his sworn statement, that he was a British subject by birth. This man applied for old age pension in 1930, through the Edmonton office of the Old Age Pensions Department, as an enquiry was received from that office in March, 1930, regarding his age.

The only other Charles Edward Peters of whom I have record is the man who obtained entry for the S.W.¼ 1-37-8-W 3rd Mer. The records regarding this land have been transferred to the Province of Saskatchewan and I am asking the Director of Lands, Department of Natural Resources, Regina, by a copy of this correspondence, to please examine his file for the land mentioned and furnish you with any information he may obtain.

Department of the Interior,

Sir,

In reply to your letter of the 1st ultimo, No. 11912, Ref. 12409, I am directed to say that in adjusting the claims of Alfred Wilson and A. T. Connelly, who both claimed part of the same land, it will be observed that Mr. Wilson has been given 168.84 acres, while Mr. Connelly only gets 140.68 acres, and it was thought as the combined area was under 320 acres, that as the area Mr. Wilson was getting in excess of 160 acres was comparatively small, he should not be charged anything for such excess. The action taken in this case need not affect the decision already arrived at in the case of Mr. John A. Mason to which you refer.

Sir,

I have the honour to inform you to grant to Mr. Jerman B. Long, homestead entry to that portion of Sec.4, Tp.7, R.28, W. of 4th. mer., lying South of Lacher Creek, which contains an area of 45.2 acres, also legal Subdivisions 13 and 14 of Sec.33, in Tp.6, R.28, W. of 4th mer. which contains 97.6 acres, and the homestead entry of Legal Subdivisions 11 and 12 in the same section which contain 8.66 acres, making in his name an entry 157.14 acres, on condition that he pays into your hands $2.50 per acre, the balance of the S.E. ¼ of the said Sec. 33, which contains 53.34 acres.

It has been represented that it is not convenient for him to pay the whole amount, the Department would be willing to accept a payment of $50 on it as a sufficient guarantee that he will pay in the balance. This particular area of 53.34 acres may be occupied by workmen, and if a cash payment is not insisted upon, the Department may find that Mr. Long has encroached upon the whole portion and left but few workmen, and this arrangement will enable him to erect his buildings on the portion of Sec. 4, which is desirable as a building site.

Sir,

I enclose herewith letter from Mr Morgan B Long dated the 26th July . He is mistaken in uncluding L S 13 twice in his application. To understand the case you will require to place before you in their proper position plans of townships six and seven, the southerly limit of seven being a correction line. Sec 4 in that township lies largely north of sec3. in the town hip to the south. Now there is nothing to prevent him homesteading the N W 1/4 of 32, but there is no desirable building site on it and had he title to the N W 1/4 of 32, there would be no objections to selling him that portion of the S W 1/4 lying south of Pincher Creek in Sec 4.-

Is there any objection to allowing him to homestead that portion of sec4 together with sufficient out of the N W 1/4 of 32 to make 160 acres as nearly as possible ? The portion of 4 contains 43.2 ac L S 13 and 14 87.28 acres the north third of L S 11 and 12 sec 32 contains 26.66 ac which makes in all 157.14 acres leaving in that quarter section 53.34 acres. I would recommend that he be granted entry conditionally on pay into the hands of the Agent in addition to the homestead entry fee the price of 53.34 acres at the rate of $ 3.- per acre.

it is possible that he would never pay for the purchase portion and the Department would be left with that area waste land on their hands solely or largely by reason of a desire to accomodate Mr Long and in granting him the entry as has been done and requiring him to pay for the portion to accorded him a very liberal treatment.

If the issue of a homestead patent to him can be made conditional to his paying in full for the area mentioned I see no reason why he should not be accorded what he desires ,but unless that be done it is possible he may never pay more than the first payment on the land and if that cannot be done I would not recommend that the entry be granted unless at least 50% be paid on the portion to be purchased.

I will however leave it to your judgment whether you consider it advisable to refer the matter to the Department . I am sending the Secretary of the Department a copy of this letter and also of the enclosure dated 5th Aug 1895 so that the Department will have the facts before it.

It may be considered that it would be only right that Mr Long should in addition to the purchase be required to pay interest on the purchase portion at the rate of 6 % per annum from the date of the notification to him namely 22 Aug 1895.

Would you kindly advise me as to the ultimate decision in this matter

Sir,

In reply to yours of the 6th inst 14471 on Ref 9879 I would state that on the 22nd August 1895 you were authorised by the Commissioner of Dominion Lands through me to grant to Mr Morgan B Long homestead entry to that portion of section 4- 7- 29- W 4th lying south of Pincher Creek containing 43.2 acres also L S 13 & 14 of Sec 32 in Township 6 adjoining which contains 87.28 acres and also the Northerly 1/3 of L S 11 & 12 in said section 32 which contains 26.66 acres making in all composing entry 157.14 acres on condition that he pays into your hands at $ 3.- per acre the balance of the S W 1/4 of said section 32 which contains 53.34 acres .

You now ask if these conditions still exist and as Mr Long is prepared to close the matter and has asked that he be allowed to pay for the 53.34 acres in 4 successive equal annual instalments and you ask if it can be carried into effect.

The portion granted as homestead lies in 2 different townships and the reasons for granting the entry as was done, is fully stated in a letter of mine of the 5th August 1895 to the Commissioner of Lands a copy of which is enclosed for your reference.

Now if he were to be granted the granted entry unconditionally

I wish to make a humble request to the Government, asking whether you will not lend me some money, so that I may buy the North West Quarter of Section 10, for I have 8 children, and should very much like to buy a quarter of land, if the Government would be so kind as to lend me money on some years' payment, as the owner of the land is in Washington. The Trust Co. will not lend now, and the times are so bad, therefore I am applying to the father of the country for help, and hope that my request will be granted. Dear Sir:-

Re N--W--16--45--19--W--4--
and W. H. Facey, Deceased.

We are just now informed by Mr. Thomas W. Facey, the executor appointed under the Will of the deceased, which Will has been proved and a certified copy of the Probate forwarded to your Department at Ottawa, that the patent and duplicate certificate of title have been issued to Mrs. Facey and that she refuses to convey to the executor. Under the Will Mrs. Facey has only a life interest in the estate, and it will be necessary to have the homestead vested in Mr. Thomas W. Facey as executor.

We enclose herewith a copy of a letter which we have written to your Department at Ottawa and we should be greatly obliged if you will use your best efforts with your Department to have this matter adjusted before any trouble arises. Our position is a peculiar one, and we feel sure that if your Department will take this matter up in order that the executor can become the registered owner of the property the matter will be settled. Please do your very best for us in this matter and advise us.

Yours truly,

Dear Sir:-

In reply to yours of Jany 22nd The foot-note on the Memo you asked, is something new to us. According to the one enclosed we are only required to break 15 acres. In performing our homestead duties we followed this memo. as nearly as possible, and up to the time we received your letters, we supposed that everything was O.K. Then we made application to you and that the homestead duties had been fulfilled. When the homestead inspector called on us he said that everything was all right and that we would receive our patents in due time. Under the circumstances I hope you will see fit to issue our patents at an early date

We believe that you should grant this concession, in our case as it is almost impossible to break 15 acres more, on one of the quarters, owing to the heavy brush

Sir,-

I beg to inform you that after considering the evidence submitted in the supplementary statemnnt executed by you on the 6th. of July last in support of your application for Patent for the N. E. ¼ 16, 47, 24, W. 4, it is found that you do not establish the performance of the full six months' residence in each of three years on your homestead or with your parents in the vicinity, and, as you have been employed as freight clerk in the railway office, there is some reason for doubting that the regulations have been complied with in this respect. The defect in the application may be merely due to oversight, but it would be well for you to communicate with this Department and explain exactly how this may be.

Dear Sir -

In reply to your letter of Oct. 6th I beg to state that I have performed the full six months residence in each of the three years since making entry for my homestead. If there is any statement in my supplementary declaration that does not confirm this, it must be due to some error or oversight on my part. I lived on my homestead from May 1st 1900 until June 15th 1901 without being away at all. I then went to Calgary and stayed until the first part of December 1901 when I returned. I stayed at home all the time until I came down to work in the C. P. R office at Wetaskiwin which was about Nov 12th 1902. From this you will see that I have fully complied with the homestead regulations as far as residence is concerned. I have as close

as we can figure, 32 acres broken, nearly half the quarter fenced, and a habitable house built. I fully believe that I have complied with all the homestead regulations and therefore think that I am entitled to a patent for this quarter. Every statement that I have made, is as nearly correct as I could get it. I have no intention, whatever, of disposing of the land after I have the deed for it. When I made entry, it was not with any idea of speculation, but to help make a home for our family, who are now occupying and using the land. Since coming to Wakaw, which is only seven miles from my homestead, I have been at home almost every week, from Saturday night until Monday morning. It was absolutely necessary for some of us to get out and earn some money as we were short of funds for some time after coming out here. We now have two good horses, two cows, and all the necessary

implements, besides a good house, stables, two granaries, implement house and two other buildings.

I hope that I have now made the matter plain to you, and that you will arrange to have the necessary papers made out as soon as possible.

When I say that I have lived on my homestead I mean that I have lived at home on my father's land which joins mine.

I would be greatly obliged to you if you would let me know by return just how the matter now stands.

I beg to inform you that your application for entry for the S W.¼-4-49-24-W-4-M., cannot be entertained for the reason that the notice sent to you on the 20th ultimo, was a clerical error and should not have been sent.

On the 14th January last a letter was received here from Head Office stating that if aware of no reason to the contrary, I would institute cancellation proceedings against the then, existing entry for this quarter, on the receipt of an application, executed by you.

No action was taken by you on this letter, and on the 20th of January last, application was made by Mr. Gustav Kuhnert, a brother of the entrant.

On the 20th ultimo the entry of Mr. E. Kuhnert for the S.W.¼-4-49-24-W-4-M., was cancelled in the books of this office and notice inadvertently sent to you to make entry.

As you can readily see, notice should have been forwarded to Mr. G. Kuhnert, who was the first applicant. The letter addressed to you was informing you that cancellation proceedin gs might be instituted, but as you took no action, you could not be considered as first applicant.

I return herewith, in this registered letter your $19.00 ~~in this~~ by three $5 bills and one $4.

Dear Sir,

On the 21st May I received enclosed letter from the Dom. Land Agent in Edmonton. Thereupon I forwarded application for entry, payment for the S.E. ¼ 4-47-24 W 4 Not hearing from him for over a week I went personally to Edmonton and was told that the land had been given to Emil Kuhnert, a brother to the former holder of the land. The reason given was that this letter was sent out in a clerical error.

Now I am suspicious that this is not just dealing and that the matter should be investigated. Mr. Emil Kuhnert the former holder of the land cancelled same about May 20 and I think am right under law. Furthermore I believe that there is a collusive agreement between the brothers made in accordance with law. However I could not prove this by sufficient evidence.

I remain

I have made inquiry from the road foreman regarding the land and find that I can write to them direct, but you will have the matter investigated. Should there be any steps you may take and report to me duly apply there.

Re H.O. letter of the 19th instant, File No. 433619, I beg to say that the circumstances concerning the complaint of Mr. C. R adis, re the S.W.¼-4-49-24-W-4-M., was reported to H.O. on the 3rd instant in a copy of a letter, the original of which was address to Mr. Radis informing thim that the notice which had been sent to him, advising him that he might make homestead entry for this quarter was a clerical error and should not have been forwarded to him. The Clerk erroneously sent a notice on H.O. letter of the 7th January last, File No. 433619. As it would appear from this letter that Mr. Radis did not actually make application for entry and, as he did not communicate with his office in the matter, I instructed that the first applicant, who was Mr. C. Sir;-

Re H.O. letter of the 27th ultimo, file 433619. I beg to enclose herewith our file #44540 showing the correspondence on file regarding the S.W.¼-4-49-24-w-4-m.

It would appear to me that a hardship will occur to Gustave Kuhnert in this matter and that taking the letter of Gustav Radis Esq. of June the 9th 1903 into consideration, the whole matter should be sub-mitted for consideration.

From my point of view Gustav Radis was given on the 7th of Januaty 1903 an opportunity to make application to cancel the entry of Emil Kuhnert for this ¼. He took no action in the matter and the entry stood in the name of Emil Kuhnert until the 20th of May 1903, when it was cancelled. On the 19th of jany Gustav Kunert a brother makes application to cancel the entry and it is the only application on file, Gustav Radis although advised to do so by the Department did not from the 7th of January until the xxxxx 20th of May 1903 make any further effort to get this land.

He complains that there was an understanding between the two brothers, this would appear to be quite naturalx if true, as there does not appear to be any objection that the improvements done by one member ofxxxxxx a family should be retained in the family. On the contrary in preventing such it works a hardship and does not seem in accordance with the policy of the Department in such cases.

No. Memorandum:-

This is a question of the right of re-entry.

The S.W. ¼ of 4-49-24 W4. M. was homesteaded by Emil Kuhnert and on the 27th Decemberlast, one G. Radis wrote to this Department representing that the duties were in default and asking what he should do in order to have the entry cancellaed. He was told in reply to make application to the local Agent.

On the 2nd February last, Kuhnert's entry was protected until 1st May, 1903, and on the latter date, he made a formal abandonment of the land.

It seems that on the 20th January, Gustave Kuhnert, brother of the homesteader, had filed a formal application for cancellation and in consequence of this, the Agent refused Radis entry, telling him that the brother was really the first applicant and entitled to the prior right to the land. The case was submitted to you and you decided in favour of Radis.

The Agent contends that on the ground that Radis did not make the formal application as he was instructed to do, he should not be recognised as an applicant, and that Gustave Kuhnert is suffering injustice in not being given his brother's land. He has sent his Office file and asks your re-consideration of the case.

Respectfully submitted.

Dear Sir, Kindly allow me to suppress ing re
Gustav Kuhnert's entry for S. W. ¼ 4-49-24 W2nd
I have personally brought out and settled in
Alberta and Manitoba some two hundred
families, mostly very poor.
I have personaly known Mr. Emil
Kuhnert since he settled in Alberta. His son
Emil Kuhnert was not strong enough for farm
work, and had to do other work away from
the farm to support his parents who are old
and sick. His father has been sick nine seven
years, and most of the time cannot walk
without a cane. Therefore as Mr. Emil Kuhnert saw
he could not make his improvements in the prescribed
time, he allowed his brother Gustav Kuhnert to
cancel his homestead and make entry for the
same as it was adjoining his father's farm
As Mr. Gustav Kuhnert made several

misstatements in his letter as I was informed in the Land Office in Edmonton, and as Mr. Carl Kuhnert and his wife have to depend on their son Gustav for support, because they cannot do any work at all now; I hope you will not refuse Mr. Gustav Kuhnert's entry, and thereby make the immigration work so much harder for me, I remain,

I herewith enclose you a copy of a letter that has this day been addressed to Mr. M. Herman of Lineham, regarding the S. W. ¼ of 16 - 20 - 2, west of the 5th, the same having been referred to the Head Office on the 15th July last. I also beg to state that a Mr. W. Anderson has abandoned his Homestead, (Declaration of abandonment enclosed in another letter dated hhis date), the N. W. ¼ of 14 - 20 - 1, west of the 5th and he is desirous of taking up another homestead. He is prepared, as soon as he is granted that permission to homestead this particular quarter section, the S. W. ¼ of 16 - 20 - 2, west of the 5th, if Mr. Herman does not wish to enter for it. It will be observed that Shepp Creek cuts off a corner of the quarter section but I cannot see any objection to an entry being granted to whichever one of these parties it would appear has the best right.

MEMORANDUM.

MR. N. O. Cote.

In submitting this memorandum I do not specify the exact quarter sections of land which are immediately affected by the rivers, &c., as I think it would be hardly probable that the Surveyor-General would issue instructions to a Surveyor to jump one quarter section and traverse the next, &c. It would take too much time on the Surveyor's part to establish an initial point for each section. I therefore only refer to the townships through which the streams run and in which the land is now being held for patent pending traverse.

The following are parts of rivers and creeks which require immediate traverse before patents can issue for the lands affected by the same:-

Sheep Creek across Tp. 20, Rge. 20 W. 5th M.
" " " " 20 " 2 " except Sec. 33
Little Bow River " " 18 " 28 W. 4th M.
" " " " " 16 and 17, Rge. 26, W. 4th M.
" " " " " 17 Rges. 27 and 28, W. 4th M.
Little Bow River and Mosquito Creek across Tp. 15, Ranges 25 and 26, W. 4th M.
Little Bow River and Mosquito Creek across Tp. 14, Rge. 25 W.4thM

The above streams are subject to the Order in Council of the 8th day of June, 1901, of which a copy is herewith attached. There are many other rivers and creeks affected by the above Order in Council and which are referred

to

to in Mr. Pearce's letter of the 12th March, 1900, on file 275601, and which should, in my opinion, be dealt with by the Department as soon as possible. In fact, a surveyor could be employed an entire season doing this very much required work alone.

MEMORANDUM.

Department of the Interior,

To Assistant Secretary

Ottawa, 29th July 1905.

Please reply to Mr Anderson's letter of the 18th July ~~inst.~~ and say that the delay in the issue of ~~this patent was because~~ an entry had been granted for that portion of the quarter section lying South and East of the Creek. At the time of the granting of this entry, entries were only allowed on one side of these streams, and as the stream had not been traversed patent could not be issued until such time as the necessary traverse survey had been made. Since then the embargo against granting entries on one side of the stream has been withdrawn and the Agent is now being asked to exclude the portion North of the Stream in the S.E. ¼ of Section 16 Tp 20 - 2 - 5 in your homestead, if he has not already disposed of it, and if a favourable reply is received from him patent will then issue immediately for the full quarter Section. He is being requested on account of the long delay to reply immediately.

Sir,

Replying to your letter of the 18th instant, I am directed to say that the delay in the issue of your patent for the S. W. ¼ Section 16, Township 20, Range 2, West Fifth Meridian is due to the fact that the entry had been granted for that portion of the quarter-section lying south and east of the creek. At the time of the granting of this entry, entries were only allowed on one side of these streams, and as the stream had not been traversed the patent could not be issued until such time as the necessary traverse survey had been made. Since then the embargo against granting entries on one side of the stream has been withdrawn, and the Agent is now being asked to include the portion north of the stream in the above quarter-section in your homestead, if he has not already disposed of it. If a favourable reply is received from the Agent the patent will then be issued immediately for the full quarter-section. The Agent is being requested, on account of the long delay, to reply immediately.

Re N.W.¼ 28-49-24 W.4th M.,

Dear Sir:-

In 1896 Auskis Jagmins received a seed grain advance as per the following statement:-

Seed Grain	~~$3.20~~ 3.30
Interest to 31-8-37, ...	6.65
Total	~~9.85~~ 9.95

He gave as security a bond quoting the above described land, which was then under entry to James Kernohan. A search of our records showed that Auskis Jagmins never held entry for this or any other land.

In 1921 our inspector reported that Mr. Jagmins left the country in 1912 for California, U.S.A., and his address was unknown. As there is no security, the account is referred to the Board for Adjustment.

Dear Sir:

Re: NW of 28-49-24-W4th
Auskis Jagmins - Dominion Seed Grain Liens

In the year 1896 this party obtained an advance from the Dominion Government and no repayments having been made, the account stands as follows:

Principal	$ 3.20	
Interest	6.65	$ 9.85

The Department of Mines and Resources at Ottawa reports that Mr. Jagmins gave as security a lien against the above described property but upon searching the records it is disclosed that this party never held entry for this or any other land. In 1921 a report was made by an Inspector of that Department who stated that Mr. Jagmins had left the country in 1912 and his address was unknown.

There is, therefore, no security for this account, which I would recommend be written off in it's entirety.

Sir 12 50. 26 W 4

The bearer Mr August Kuhn comes to me this morning asking my help in the matter of his homestead. The entry shows the date of Aug 8. 1892 and it was his intention to move out this spring to perfect his land but some unexpected things have turned to prevent his going just now. His family is very sick and he has loaned money to some parties in Edmonton and Yorkton, which he cannot just now collect. His intentions are to have 5 acres broke this spring by some living in that Settlement where the land is situated and to go out in the fall.

If it be necessary to take some steps to protect his land I would feel greatly obliged if you could assist him. I am too busy to run up with him myself and as he is anxious on account of having been told that the land should be forfeited I take the liberty to write you thus.

Sir;

Replying to yours of the 14th instant, it would appear that you have misunderstood to a cert. in extent, this office letter of the 12th inst. but you state regarding the matter is I think so far as I can see true enough but it was only discovered a short time ago that your Father's place had not been patented to any one and that before the pre-emption could be dealt with, action would require to be taken against the homestead. Now if your brother whom you say is the legal representative, is residing upon your Father's place and has only three months more time to put in to earn the patent, I have no doubt but the matter may work out to your satisfaction. I will communicate with the Head Office regarding it.

Yours of the 12th to hand. I would say that I wrote to the land Commissioner and asked permission to take the premption of my father now deceased and to cancle the entry of 34. 20. 28 and the Commissioner replied and said I would cancle 34. 20. 28 and make entry for S. W. ¼ of 12. 21.29. I was in the office speaking to you about it and wanted you to take the $ 10 for the entry and you said it was all right I did not need to pay the money till I heard from you again and I gave you the letter which I received from the Commissioner and you kept it. You see yourself I got permission from Head quarters for to do so or I would not have cancelled the claim I had. My brother as the legal representative of my father has three months to put in on the homested and we do not want to buy no more land so the reason for asking the change by referring to the Commissioners letter it will likely clean the way for you.

Truly yours,

Ottawa,

Sir,

I am directed by the Commissioner of Dominion Lands to say, in reply to your letter of the 19th. instant, File 20266, that under the circumstances as they now appear it will not be possible to take any action at once in connection with the application of Mr. John A. Mathias to obtain entry for the S.W. ¼ of 12, 21, 29, W. 4th. .., which was entered as a preemption by his deceased father. When, however, the legal representative is in a position to make application for patent for the aforesaid quarter-section he can, upon establishing his rights as legal representative, abandon the preemption and it can be made available for entry by Mr. Mathias. I might add that if it would be of any convenience to the parties interested to have the matter settled earlier, there would seem to be no reason why what is necessary should not be done at once by the legal representative establishing his position and then abandoning the entry. Please communicate with the parties in this sense.

4. I give and bequeath to Mary Philemon Shields, wife of my brother John (who is now attending and nursing me during this, as I now feel, my last illness) the sum of One Hundred and Fifty dollars, of like lawful money of Canada, as a slight token of my gratitude towards her, for her great kindness, manifested towards me in my great af - fliction, I being to all intents and purposes, to her - I may say - a perfect stranger, yet like a Christian woman she has performed her duties, and waited on me supplying my various wants, to the best of her ability, - an arduous task which I can well understand and fully appreciate.

5. I give and bequeath to my friend William Henry Down of Lakefield P.O., who is now owner of the stoning machine that I used to work with - all the wheels and wood-work for manufacturing machines, together with all chains and hooks that relate to the same, left by me in the charge and care of my friend David Smith of the Village of Lakefield, Black-smith, to hold the same to his own use and benefit forever.

And I do nominate and appoint my sons, Robert James and John Andrew Shields, to be joint and sole executors of this my last will and testament, with full power to carry out my wishes expressed herein according to law and justice. Sir;

I have the honor to enclose herewith an application for patent from Mr. Robert James Shields, one of the legal representatives of the late George Richard Shields, for N.W.1/4 of 12 - 21 - 29, west of the 4th; also a statement made and confirmed by said George Richard Shields, deceased, in September 1893, but which was evidently never forwarded to Head Office, as to residence, improvements, etc, upon the place. Another son, John Andrew Shields is a witness as to the ~~residence~~ Father's residence and as to the three months residence of Robert James Shields. Mr. J. G. Vanwart is a witness as to the residence of the father and a Mr. Albert Herr is a witness as to the three months residence put in by Robert James Shields recently. There is nothing to show in the books of this office as to whether this land was taken up under the two mile radius clause, which they claim it was. The stub of the homestead entry receipt book does not show it, neither does the Township Register. Mr. John Andrew Shields states that ~~ka~~ the receipt they have at home has written across the face of it " Under sub clause 6 ", which I have requested them to produce. It is possible that Head Office may have evudence on this point, and if it is thought that I should recommend the application I will do so.

Sir,

I am directed by the Commissioner of Dominion Lands to inform you that the papers in connection with the application to cancel your entry for the N.E. ¼ of 28, 54, 22, W. 4th M., have been under consideration, and it appears to be quite clear that what you have done in the way of residence and improvements upon the land has not been at all satisfactory nor in accordance with the requirements of the homestead law, and unless you are prepared to fulfil the required duties cancellation must be carried out. In view of what you have done upon the place it has been decided that if you will satisfy the Local Agent in Edmonton that you will go into occupation of your homestead on or before the 1st May next and thereafter fulfil the duties, cancellation will be refused, otherwise it must take effect.

Sir.

I have the honour to enclose the application of George Wells for homestead patent for the S.E.¼ of sec' 22 t'p 24 rge4W5th recommended.

The amount of land broken and under cultivation being very small ,and the number of stock not beimg very large ,caused me to hesitate a little before recommending it,but as nothing ,I understand from the homestead inspector and corroborating witnesses ,will grow there on account of frost in that locality ,it is worse than uselessto break. Mr Wells seems to be a very industricus man ,is now living on a rentel place which he is cultivating,and his stock are grazing on his own homestead .

Sir,

I ha to inform you that your application for homestead patent for the S.W. ¼ of Sec. 21, Tp. 24, Range 4, West of the 5th Meridian, has duly come to hand, but owing to the limited area of cultivation it cannot receive the Commissioner's approval. I am to point out that it is customary to demand at least fifteen acres of cultivation from a settler as a proof of his bona fides. Though where the land is better suited for grazing a nominal area of cultivation together with stock and the necessary buildings may be accepted in lieu of it. I beg to quote for your information sub-clause 10 of clause 38 of the Dominion Lands Act as amended at the last session of Parliament, by which you will see what is required of you in order to become entitled to patent, --

Dear Sir

DEPT. OF THE INTERIOR RECEIVED JAN 11 1898

I applied for the patent for my homestead a year ago last July, I have lived on the place four years last August, and I have only been absent about 7 months in that time, I have done considerable improvements on the place in the way of stables and corrals, I have a well 26 feet deep that I could water 50 head of cattle at, I have another well I am digging in my garden to irrigate from it is down 27 feet, I have a good house, I have put over 4 years hard work in on the place, I have 25 head of cattle now and 4 horses, every kind of implement I want, I have only about 1/2 an acre broke for a garden patch, the land is nearly all covered with willows, and it is in a district that crops are not raised at all except for feed, I was told I had not sufficent cattle to get the patent, now sir if every emigrant you got from the old country made the same progress that I have you would have no need to advertise the country, if you was to enquire you would find I had made steady progress, I am a farm labourer

nd as such I know that the District
45765
an in is suitable for nothing but stock
think I have earned the patent for the
ace, there are lots who get their patents for
s improvements and no stock at all
intend to use the place for what it is fit
and that is a dairy farm it is not fit
grow crops as it is in the foothills and
bject to frost every month, in the year
ping you will give this your kind attention
d that I may be able to tell my brothers
England soon that the land is my
wn at last they think a lot of a
man owning his own farm over there
In fact that was the reason of my
oming here was to own my own land
by my labour I have built up a home
and maintained my family and I
would like to have the papers for it

Department of the Interior,

Ottawa, 13th January 1908

Memorandum for the Commissioner.

The application for patent in this case was refused as the requirements of sub-clause (f) of the amendments of 1907 had not been met. The applicant has 1/2 an acre of garden and 25 head of cattle, besides 4 horses. The amendments call for 1 acre, fenced, and 17 head of stock. Previous to the passing of these amendments it was our practice to accept in districts where the land was good only for grazing and not suitable for grain growing, a reasonable amount of stock and the necessary buildings in connection therewith in lieu of the cultivation usually required, it being held of course that as the Act expressly states that the homesteader must cultivate his land in addition to residing upon it there must be some cultivation to effect a compliance with it. Under such practice the present application would have been approved and as the object of the amendments was to lighten the burden upon the homesteader you may perhaps consider the advisability of accepting it as satisfactory on submitting it for the Minister's consideration.

The plate I think must govern. But submit for the Minister's consideration

Memorandum.

I desire to submit for your consideration the application for homestead patent of Henry Wells, S.W. ¼ Sec. 22 Tp 21 Rge 1 W. 5th M.

The applicant has resided almost continuously upon the land, which is clearly unsuitable for cultivation, but has only 1/5 as many of cattle and 25 head of stock, besides 4 horses. His other improvements consist of a house worth $175, 2 stables valued at $60 and $40, fencing $10, and well $60. There is no doubt as to his bona fides, but he has not satisfied the requirements of the 1897 amendments. At the same time I would point out that under the former practice of the Department it was usual to accept as satisfactory, where the land as in this case was unfit for profitable cropping, a reasonable amount of stock and the necessary buildings in connection therewith, and a nominal extent of cultivation, besides of course the usual residence.

It will probably be some time before the applicant can accumulate the 10 head of cattle called for by the amendments, and as the man, who, according to his own account, was originally a common labourer, has done well, I submit the case for your consideration.

Respectfully submitted

I observe from your memorandum endorsed upon this file, which the Minister has approved, that you assume the breaking of land to be cultivation. That has not been the construction placed upon the expression heretofore: cultivation has been construed to mean cropping the land. Is this construction to hold and to govern in the future? I would point out that the effect of such interpretation would be to require 3 acres of breaking, one in each year, under the provisions of sub-clause (c) of the amendments, instead of one acre cropped each year as at present practised.

I am directed to inform you that the application for homestead patent of George Wells, SW ¼ 22 - 24 - 4 W. 5th M, having been laid before the Minister, he has decided that in consequence of the limited area of cultivation it is impossible to accept it as satisfactory. N.½ 1 32-46-13, W4.

My client, Mr. Carruthers has recently sold the above named quarter section and on inspecting his Title, I find that there are endorsements thereon to the effect that it is subject to two bonds given by him to Her Majesty the Queen, to secure the payment of $8.75 and $20.90 respectively as appears by Certificate of the Deputy Minister of the Interior, dated 2nd April, 1898.

Mr. Carruthers informs me that these bonds were given for seed grain advances; that he paid off his indebtedness many years ago and received from the Department discharges. Apparently he failed to register the discharges in the Land Titles Office here and to clear his title, it will be necessary to obtain duplicate releases from you.

You might look into the matter and if you find that payment was made, let me have duplicate releases for filing in the Land Titles Office.

Sir:

I beg to acknowledge receipt of your letter of the 27th inst., having reference to liens for $6.50 and $20.90, which you claim are still registered against the land above described.

In this connection I might state that Discharges covering the liens in question were forwarded to Mr. Wm. Carruthers, Wetaskiwin, on the 5th December, 1900, with the following instructions:

"If you desire to have these mortgages removed in the records of the Land Titles Office, Edmonton, in which they are registered, you must forward such Discharges to the Registrar, together with duplicate Certificate of Title to the said land, and $3.00, which is understood here is the fee for the Registrar's services, $1.50 for each Discharge."

As it would appear that Mr. Carruthers had failed to comply with these instructions, the liens in question still appear a charge against the land above described.

If you are desirous of obtaining duplicates of the Discharges in question, it will be necessary for you to communicate with Mr. W. G. Cote, Controller of Land Patents, enclosing $2.00 for this service, being $1.00 for each duplicate of Discharge.

To wit:

I, William P Stewart do solemnly swear that the answers to the foregoing questions are true and correct in every particular. That I claim a Patent for this Homestead under the provisions of Sec 21 Chap 54 of 1887.

That I obtained an entry, and claim a Patent for the same for my own benefit, and not in the interest or for the benefit of any other person or persons whomsoever.

Sworn before me at Battleford this 15 day of June 1897, having first been read over and explained to the said applicant.

Wm P Stewart

Dominion Land Agent

Local Agent of Dominion Lands for the District.

I recommend the foregoing application for Patent, believing that the homestead requirements of the "Dominion Lands Act" have, in this case, been complied with.

A A Sutherland
Local Agent of Dominion Lands for District.

Winnipeg, Ottawa, 20 July, 1897.

54617

Accepted as sufficient,

Commissioner.

SPECIAL RECOMMENDATION.

The application of William Price Stewart for patent, under the Two Miles Radius Clause, shews that the cultivation has been done in an irregular manner, as follows, --

Year	1894	1895	1896	1897
Broken	15 acres	18 acres	3 acres	4 acres
Cropped	— — —	15 acres	33 acres	36 acres

This is an application where the equitable requirements of the Dominion Lands Act have been fully complied with, but as there is a technical defect which prevents me from approving the application in the usual way consistently with a strict literal interpretation of the law, I submit it with a recommendation that under the circumstances a special patent shall be issued in favour of Mr. William Price Stewart. The residence within the radius and upon the homestead is satisfactory.

Ottawa, 19th July, 1897.

Commissioner.

DOMINION LANDS ADMINISTRATION

Edmonton, Alta., 7th. March 1934.

Dear Sir,

I beg to acknowledge the receipt of your letter of the 6th. Inst. enquiring re the Seed Grain Lien registered against P.C.Peterson, Council Bluffs, S.W.¼-4-47-23-W.4 M.

The records in connection with Seed Grain indebtednesses and payments were handed over to the Provincial authorities when the Resources were transferred in 1930.

As the payment of the Charge against the above land ~~was made~~ is purported to have been made while Mr.A.W.Wynne was in the employ of the Department, it would have been while the Dominion authorities were administring the Crown Lands. I am by copy of this letter forwarding a copy of your communication to my Head Office, and asking that if their records shew this liability to have been discharged, and if for any reason, the Official discharge has not been sent to the Land Titles Office, that that action be taken. I am also forwarding a copy of your letter to the Agent, Department of Lands and Mines, Edmonton, asking him to be good enough to advise me as to what his file shews with regard to the payment claimed to have been made in your letter now acknowledged.

Re: Seed Grain Lien registered against
P. C. Peterson and S.W. 4--47--23, W. 4th M.

I beg to advise you that Mr. Norquay has forwarded to me your letter of the 6th instant, concerning the above matter.

By referring to the records here I find that during the month of August, 1917, there was received in the Edmonton Agency, the sum of $20.05, collected by Albert E. Wynne, Homestead Inspector. The amount involved was reported to the Department of the Interior, in the usual returns made by the Agency and was acknowledged and on the 15th September, 1917, Discharge, being No. 20074, for the Lien in question, was forwarded to Mr. Peterson, with instructions that the same should be forwarded to the Registrar of Land Titles at Edmonton, along with Duplicate Certificate of Title, for amendment.

I further observe that on the 6th of June, 1927, Mr. W. Barry, then Manager of the Canadian Bank of Commerce at Wetaskiwin, was advised of that fact.

If the said Discharge has been lost or destroyed, you should communicate with the Chairman, Dominion Lands Board, Department of the Interior, Ottawa, requesting that a new Certificate of Discharge be issued.

When communicating with the said Department, if you will refer to their File No. 433982, it will assist in tracing the correspondence on this subject.

Referring to your application for the privilege of taking up a second homestead, I beg to inform you that an amendment to the Dominion Lands Act has been passed granting those settlers, who had obtained patent, or who had become entitled thereto on or before the 1st January, 1925, the right to make a second homestead entry on the usual homesteading terms.

Therefore, if you are the person who obtained patent for the quarter section above described, and provided this is the only land for which you have obtained homestead patent, you are entitled to another homestead, and the presentation and surrender of this letter to any Agent or Sub-Agent of Dominion Lands will be his authority for granting you homestead entry for any vacant and available quarter section of Dominion Lands on the usual terms, provided he is aware of no reason to the contrary.

Dear Sir - Would you kindly grant the favor allowing Albert E. Putnam who entered the North West Quarter of Sec 22 Tp 15 R 24 lying 15 miles north of Edmonton Alberta to remain off his home stead nearly a year for the reason he has just returned from there sold his real estate here yesterday but does not get the purchase money for several months - and has not means enough to take his wife & children at this time. He has built a house on the land - has broken up 10 acres

29715

and the same is being cultivated by a neighbor - Has right next to Jones it - He would like to be off the land or rather have the privilege to be off it until Feby. 1895. He is a bona fide settler delighted with his prospects in Alberta - I have known him many years and assure you he is a most worthy man =

Department of the Interior,

Ottawa, 3rd Sept., 1897.

Sir,

I am directed to inform you that on examining your application for patent for the N. ½ of 22, 44, 23, W. 4th M., it is observed that your duties have been performed under what is known as the two mile radius clause of the Dominion Lands Act. I am to point out that a settler who applies a Military Bounty warrant upon his homestead is required to perform his duties according to the regulations of 1885 which were in force at the time the warrants were issued and which provided that the person applying the warrant should reside upon and cultivate his land for six months in each of three years. It is probable that you have been labouring under a misapprehension in this regard, and you should write at once to the Commissioner and explain how it came to pass that you understood you were entitled to take advantage of the provisions of sub-clause 6 of clause 38 of the Act.

I am, Sir,

Your obedient servant,

Sir,

I am in receipt of your letter of the 5th inst., asking whether your father, whose name you do not give, is eligible to obtain a second homestead. You do not describe your father's original homestead and do not give the date of his entry or the date of the Letters Patent for the land; therefore, it is not possible to advise you definitely whether he completed the settlement duties required by the terms of his entry prior to the 2nd June 1889. The right to a second free homestead is restricted to those settlers who complete the settlement duties required by the terms of his original entry on or prior to the 2nd of June 1889.

Sir:

I beg to acknowledge receipt of your letter of the 22nd ultimo, written on behalf of your father, Mr. Johnson Thirsk, with respect to his desire to be permitted to enter for a second free homestead on Dominion Lands, having already received patent for the South East quarter of Section 2, Township 45, Range 23, West of the 4th Meridian, bearing date of the 16th July, 1898.

In reply I may say that it will not be possible to comply with his request, as the privilege of a second free homestead is restricted by the Dominion Lands Act to those who completed the duties on their first homestead to entitle them to patent on or before the 2nd June, 1889.

July 2nd 1906

Dear Sir.

In reply to yours of the 14th June. I went to Lethbridge as you advised & saw your agent there & he informed me that the N.W ¼ of Section 2. Township 6. Range 1 West Fifth Meridian, West of the Creek. which you informed me was vacant has been reserved for Stock Watering purposes and that therefore he could not give me permission to homestead it. That it is not required for Stock Watering purposes is I think evident from the fact that the nearest Rancher has just repaired an old fence with which he encloses that section some little time back & he is now using it for grazing

As there is no land available for a homestead in this district and all the other "water rights" have been sold & this one is not required for the purpose & the man who has secured it having plenty of other land. could you not give me permission, as you have done in one or two exceptional cases. to homestead this section

The reason I am so anxious to get land near here is that I am at present working on a ranch; in which I have some shares in the crop: close to that section & it is also impossible for my wife to remain in England any longer, so she is coming out with the furniture soon. & so I shall be stranded. having no home.

If you could not give me the land as a homestead could you not sell it to me at a nominal figure.

Trusting that you will see your way to assist me

I remain

Yours faithfully

C. Cooke-Yarborough.

The land referred to is a cancelled dock watering reserve but for some reason was not placed on the list for sale. The file on which the land was withdrawn cannot be found and I am therefore unable to furnish further information. The practice is to sell cancelled dock watering reserves at auction but under the circumstances it may be decided to deal with this land as ordinary Dom. Lands.

Memorandum:

Mr. C. Cecil Fairbanks made application in May last to homestead the N.E. ¼ of Section 1, Township 6, Range 1, West Fifth Meridian, stating in his reply that pre-emption No. 1 had been patented, but that the patentee had not resided upon the land for the requisite period, and that the Dominion Lands Agent had refused to grant him entry.

The agent subsequently reported that, according to his records, the portion of the quarter section in question west of the creek would appear to be reserved for school purposes.

Mr. Fairbanks has written to his Member of Parliament, Hon. Duncan Marshall, stating that he cannot find the patentee, and that the land is not worth cultivating, being rough and stony; that there is a good log house on the land, and that he has expended $300 in improvements. He states further that he cannot find the report, does not require the land for school purposes, and therefore, that the application for same be dealt with. It is very essential that a report concerning the matter be furnished as early as possible.

The Timber & Grazing Branch report that the land referred to is a provincial Stock Watering Reserve and the quarter section was not given on the list for sale; that as to the title or what the land was utilized for at present is not known, further information on the subject cannot be furnished. It is reported further that the practice is to sell unneeded stock watering reserves at auction but that, owing to the nature of it

Sir;

It appears that the N.½. west of Pincher Creek of sec. 2-6-I w 5th M, 160 ac, is advertised for sale by public auction on the IIth July next, as a withdrawn stock-watering reserve. I beg that you will allow me to point out that I have owned and resided upon the south half of the same section since I880 and have occupied the land before referred to since I886 before it was reserved for stock-watering purposes. It was my intention and endeavor to obtain it as a first or second homestead, the south half of the section being held by me under a Military Bounty Warrant of I885, but from reasons of a technical nature, of which your Department is aware, I failed to obtain it either as a first or second homestead. The land in question is of very little use to anyone but myself or in the hands of speculators, if the regulations of residence are enforced as, owning the land lying alongside of it I need not build upon it. I have had it under fence since about I886, with eight acres in Timothy hay and have always pastured my stock upon it. In view of these facts I beg to ask that I may be allowed, as one of the oldest settlers here, to retain this part of my old home on paying a reasonable rate per acre for it. Trusting to receive your favorable consideration.

I am, Sir,

Your obedient servant.

F.W.Greenway Esq.
Commissioner of Dominion Lands.

Re S. [illegible] Smith.

We act for Mrs. Mary Smith, the [illegible] widow, who had her two sons killed at the front last year, informs us that she got an extension of time for payment of the amount still to be in respect of this land. She has arranged for the sale of this land to Mr. and Mrs. E.C. Peck, of Pincher Creek, the price to be paid in yearly instalments up to 1927.

We are acting both for Mrs. Smith and Mr. and Mrs. Peck in this matter, and they would be glad to know what sum the Government would be satisfied to receive at the present time, and what terms would be granted for the payment of the balance.

We are not sure whether a copy of the Letters Probate were sent to you. If not, we shall send a copy to you on hearing from you.

This is the only chance Mrs. Smith has of making a little out of the land, as she cannot farm the land herself, and in any case it is only fit for pasture.

I beg to acknowledge the receipt of your communication of the 19th ultimo, in connection with the above described land, which was sold to the late Charles Smith subject to the performance of the homestead conditions.

In reply I may say that in the case of a deceased entrant, further residence duties are dispensed with and in this case the legal representative would only be required to fulfil the conditions as to the erection of a habitable house and as to cultivation in order to entitle him to obtain Letters Patent after the expiration of three years from the date of the entry, or the legal representative may assign the land to any person eligible to obtain a homestead entry; and the assignee shall after the expiration of three years from the date of entry for the land, holding the same for his own exclusive use and benefit from the date of the assignment and completing the residence and cultivation requirements in the same manner as the person who make the entry would have been required to complete them, be entitled to Letters Patent for the land. The regulations provide that a homesteader break a total of at least 30 acres of the homestead of which 20 must be cropped before applying for patent, a reasonable proportion of the cultivation duties to be performed in each of three years.

Encl.

A hand-book containing a summary of the homestead regulations is enclosed herewith and I would direct your special attention to pages 6, and 16.

Dear Sir:-

Re North ½ West of Creek of 2-6-1-W. 5 M.
C. Smith-deceased.

We beg to refer to our previous correspondence with you in regard to this land. The balance of the price of the land has been wholly paid up and Mrs. Smith, the Executor, some time ago made application for Patent. The homestead Inspector has inspected the property and made his report. The delay in issuing Patent is a very serious matter for Mrs. Smith. Mr. and Mrs. Peck have paid the entire price of the land for Mrs. Smith to be paid out to her as soon as Patent is issued and she can Transfer the land, but meantime Mrs, Smith is being pressed by a number of creditors who are issuing Writs against her. It will be a great favor if you will be good enough to issue Patent to this land with the laest possible delay so that Mrs. Smith can get settlement made of the claims against her.

Gentlemen,

I am in receipt of your letter of the 1st inst. in which you state that you have been instructed by your client to enter a caveat against the issue of patent for the S.E. 1/4 of Section 2, Township 2, Range 1, West of the 4th Meridian, and therefore I am to ask you, on behalf of your client, to kindly furnish me with a copy of a letter from the Department of the Interior to you of the 22nd of October last, which was duly received by you.

I have also had a letter from the Department of Justice in connection with this matter, and I am informed that the delay in dealing with the application for patent has been caused by the fact that the Department of the Interior has been in communication with the Department of Justice.

West ½ of Creek of 2-6-1- W 5 M. C. Smith deceased.

We have received your letter of the 3rd inst. The Historical Abstract of the S. ½ of 2-6-1-W. 5 M., on which the deceased and his wife did residence duties, was obtained by us from the Registrar at Calgary on the 12th of March last and on same date was forwarded to the Agent of Dominion Lands at Lethbridge. That is now almost two months ago. We are writing to the Agent at Lethbridge on the subject. The delay in the issue of the Patent to this land is holding up the payment of the price to Mrs. Smith and in her very needy circumstances this is causing her great anxiety and trouble.

Edmonton , 4th July 1907

Sir ,

I beg to enclose the application of Mr John R. Mc Kenzie , of Duhamel P . O . , to purchase the frac. North½ Sec. 16 tp 48 rge 22 W. 4 M .

This is hay land , yielding at least 100 tons of hay (estimated) this season .

Mr McKenzie is a Settler on 20 47 21, and holds at present about 204 head of cattle .There is no doubt he needs the quantity of hay which this land isreckoned to yield. Under the law he is, however , entitled to acquire only 40 acres - by lease - It is , I imagine , in the discretion of the Department whether to sell this land , or any part of it , to the applicant. No one else has applied to either lease o r purchase , or to otherwise acquire it .

If it is decided to sell to him , I cannot recommend that he be allowed a larger area that is o contained in either of the fractional quarter sections .

I am , Sir ,

Your obedient servant

Memorandum.

I beg to submit, for your consideration and decision, Mr. J. [illegible] McKenzie's application to purchase the fractional N.W.¼ and S.W.¼ of Section [illegible], Township 48, Range 23, West of the 4th Meridian, which has been received here under cover of a letter dated the 5th instant from the Agent of Dominion Lands at Edmonton, who reports that the said fractional quarter-sections are hay lands, yielding at least a hundred tons of hay (estimated) this season. The Agent states, further, that Mr. McKenzie is a settler on Section 26, Township 47, Range 21, West of the 4th Meridian; that he owns at the present about 200 head of cattle; that he needs a quantity of hay which this land is supposed to yield, and that he is entitled to acquire not more than forty acres by lease, and that he (the Agent) inquires whether it is in the discretion of the Department to sell this land or any part of it to the applicant. The Agent adds that no one else has applied for either lease or purchase or to otherwise acquire the land, and recommends that if it is decided to sell to Mr. McKenzie consideration should be given to his request that a larger area than is contained in either of the fractional quarter-sections.

The land is clear [illegible] according to the Patent Branch, as well as in the Timber & Mines Branch, and, under the circumstances, there does not appear to be any objection to selling to Mr. McKenzie at the current rate and on the usual terms of the fractional quarter-sections, as recommended by Mr. [illegible].

Sir,

I have the honor to acknowledge the receipt of your letter dated the 22nd instant , 434275 , and to say that for some years past the water of Hay Lake has been so low that the lands , situate like the fr. N ½ 16 48 22 W 4 M are easily accessible . It may be , however , that a rise in the level of the water may occur at any time to the stage at which it stood when the lands were surveyed . In such event there would be objection to a sale of the fr. N E 1/4 , but this objection would not , apparently apply to a sale of t the N W 1/4 .

In any event it might be well to reserve in any sale of the N E 1/4 the right of way to the N W 1/4 and to the fr. S W 1/4 21 .

Mr McKenzie would probably be content to purchase the fr. N W 1/4 16 . Shall I offer it to him ?

When submitting the application to you I did not consider the objection upon which you have asked me to report.

Sir,

If you will be so good as to fill up before the Sub-Agent the enclosed requisition for a hay permit the matter will be duly considered on the 1st April next. In the meanwhile the $10.50 which accompanied your letter of the 14th stands to your credit on my books.

It is doubtful whether the Department would allow any one to homestead the fractional W ½ 16 46 22 W 4 M. Indeed I scarcely see how it could be recommended to do so since the land does not to be of the character which one might expect to a tract residence. As a matter of fact other applications for the land have been refused: nevertheless the one you now make on your son's behalf is being transmitted to the Department an the Commissioner's decision will be communicated to you in due course.

Sir

Last July I paid my initiation visit to this Country and upon leaving I selected this point as a future home.

I applied to the local Agent to file on the S.W. ¼ of Sec 28 Tp. 48. R. 22 W 4th — 65 acres and also for a ¼ of Sec 30 in the same Tp. containing about 98 acres. He refused to let me file for both pieces as they were separated by the big lakes. So I filed on the 65 acres and was told that I must comply with that as a homestead.

Our case stands thus — we came here (that is Sept last) myself — wife and "6" children — 6 girls & 2 boys. There are only two boys old enough to homestead & the next boy only 13 years old.

I have bought a C.P.R. Sec — 7 — 48 — 21 — W 4. — and since arriving have already spent nearly 250.00 in improvements & stock. but with my last

1414716

family am not fully
qualified in getting 80 acre
full homestead acreage
Even though in two pieces
and not directly contiguous
to Each other.
There are now only a very
few badly broken 80's in the
Dauphin district open for
homestead but would be disqualified
by having my choice of one
of these that would nearly
complete my acreage. I am asking you to allow me to file on the
South-East quarter of Sec. 16. Twp
48. R. 22. W4 which is that
one mile from my homestead. It contains
65 acres more or less leaving a total of
92 acres - making with my 160 - 48
137 acres in all. The land
-22- is a fine piece of land but
not level enough for cultivation but
yields good hay in dry and
normal seasons. I would
also ask for a 10 years lease
of the hay land around the
Big Island in Hay Lakes on
the North west 1/4 of Sec 16 and
South East 1/4 Sec 21 - Twp. 48 - R. 22 -
We are not speculators
but are here with our larger
family to make a home and

Replying to your letter of the 21st instant, stating that you own the fractional N.E. quarter of section 18, township 46, range 9 west of the fourth meridian, containing 65 acres, more or less, and asking that there may be added thereto the fractional N.W. quarter of section 16, in the same township, I am directed to say that your request cannot be entertained, as it is contrary to the practice of the Department to supplement the deficiency in the area of a homestead out of lands which are not contiguous to the homestead. THE

...Elm Grove Dairy...

FARM.

THIS FARM IS SITUATED one mile north of the limits of the City of Austin, Texas, and on a graded road.

It contains 401 acres, in two tracts of 60 acres and 340 acres respectively, all enclosed and subdivided by good barbed wire fences. There are about 70 acres under cultivation, the principal part of the remainder is a rich wooded pasture, valuable as a pasture, and also for the fuel and material and wood; there being a good demand and at good prices for the latter in the city. The soils are the well known rich black and alluvial of Texas.

The principal improvements are on the 60 acre tract and are extensive, consisting of 3 houses, large barns, corn-cribs, deep never failing well, complete with windmill, pumping jack, elevated tank, and pipes conveying water to house, and also to self-regulating troughs in the cow and horse lots. Also a fine bricked and cemented cistern at the house.

The barns are large [illegible] nized iron roofing, with large [illegible] for holding [illegible] cotton seed hulls [illegible] and passages. The [illegible] parts are floored, and [illegible] with stalls, mangers, and [illegible] ered feed boxes. Everything complete and convenient for the dairy business. There are also carriage room, sheds [illegible]

There is a good young orchard, just come into bearing, of nearly 300 trees.

All the buildings are situated in a lovely, parklike grove of elms and live oaks.

The 340 acre tract is one and [illegible] mile distant, and connected by county road. On this tract there are about 50 acres in cultivation, being a very fertile valley of alluvial soil. The tract is well watered by springs. Here also there is a small regulating trough, fed by gravity from the spring above. This spring stood the test of the worst drought ever known here—the year 1902. It is computed that the water on this tract will run [illegible] above expenses if properly handled. There is also a stone quarry of considerable value. The entire tract is fenced and subdivided, and there are two small box habitations for wood cutters on the place.

The 400 acres and improvements are offered at a uniform price of $16 per acre, but the desire is to sell lands, crops, stock, implements, tools, dairy outfit, good will of dairy route, everything in one lot—the whole of which is offered at and included in the sum of $21.25 per acre.

and the ... from an average of ... 26 cows. The milking herd will be increased from the heifers during the next few weeks to nearly 40 head.

There is a fine pen of hogs consisting of pure Berkshire, Poland China, and a cross between these two breeds.

There are three good horses and a mule, making two good teams; also 2 wagons, a delivery hack, and a good double-seated carriage. The implements consist of good mower, steel rake, plows, harrows, cultivators, seed drill, corncrusher—several of these new and nearly new.

In the dairy outfit there is a new De Laval Separator, 600 pound capacity, new churns, new delivery boxes, large refrigerator and all utensils necessary for the business.

That the dairy route is one of the best in the city is assured by the facts that the output cannot supply the demand, and that the losses from bad debts have been just 25 cents in eight years.

The crops on hand are about 75 tons of the very best sor-

glum hay and about [illegible] of corn, also a quantity of top fodder and some oats.

The household effects are included in the $2150 price, and include everything in the house, which is well and comfortably furnished, except [illegible] articles of bedding, books, cutlery, silverware, fancy [illegible] and neck ties.

The owner proposes to [illegible] over the business in perfect working order, wishing [illegible] able man or some one to step into a ready made business and go ahead and make money.

Last winter the farmer [illegible] a cost of $70 each, interest was paid off entirely from the proceeds of the dairy, hogs, etc., the sale of cattle [illegible] was done after paying famine prices for all grain, feed, and supporting a family of ten. A purchaser would not be buying a business that might spring up in opposition to him in a few months, as the owner is yielding to the wishes of his family and returning, at once, to the old home in Canada.

School and church services are within about ten minutes walk. Also there is a telephone in the house.

Sir:-

I beg to acknowledge receipt of your letter of the 21st ult., making application to purchase the fractional N. E. ¼-16-48-2-W. 4th. It is noted that you have purchased from the C. P. R., the N. W. ¼ of Section 15 adjoining. The Land Contract submitted with your application, is returned herewith.

The parcel applied for is not at present available, as it has been reserved for some considerable time, owing to the fact that it was not considered to be of agricultural value. I am, however, advising the Department of your application, and you will doubtless be further advised in due course.

Dear Mr Greenway

I would like your kind assistance and advice in regard to the opening for Homestead and Soldiers grant of the North half of Section 16 - Township 48 - Range 22 - West of the 4th Meridian

I made an attempt to file on this land about two years ago - but was told that it was in a drainage area, and was not available for Homestead or Soldiers grant.

I now understand that the drainage scheme has been given up so far as concerns this lake that this land is near, and that the application to file on or buy this land may be considered

The greater part of this land is old lake bottom and when the lake sometimes floods it grows very good hay, but there is thirty to forty acres on each quarter that is grown up to foxtail and weeds - that would make very good land for grain and only needs cultivation to stop the foxtail and weeds from spreading

Sir:

I beg to acknowledge the receipt of your letter of the 18th instant, setting forth your desire to secure the Sr. North ½ of 16-48-22- W 4th M., as your homestead and soldier grant. During the past season hay permits were issued on this land for something over 200 tons of hay, which would indicate that it is essentially hay land. However it has been represented to the Department that there is more dry land on this half section than what is shown in the latest plan of survey, and the Department has decided that before considering the disposition of the half section, to have a resurvey made in order that the boundaries of the dry land may be defined.

In the meantime it will not be possible for me to dispose of the land in any way.

Referring to Mr. Powell's memorandum dated 6th February on file 434275 herewith, further surveys of the bed of Big Hay lake have been noted at the request of the Timber and Grazing Branch to be made when we have a surveyor working in the vicinity. It is expected that the work can be done next season.

From information received from various sources it is evident that the lake is nearly all dry. Provided this is the case it is proposed to extend the subdivision over the dried up bed of the lake and to survey the remaining permanent water area.

Dear Sir;-

The above noted land was reserved for reclamation, and according to information received has lately been abandoned for that purpose by the Provincial Government of the Province. The above noted man is anxious to file on same as a Homestead and Soldier Grant, and it would be appreciated by this association if arrangements could be made to have the land thrown open for Soldier entry in order that Mr. Hutt may have the opportunity of filing on same by preference.
